Changes in Real Estate--Boy Made Page at Capitol--Interesting News

A telegram was received by George Blanks, Jr., son of Mr. and Mrs. George Blanks announcing his appointment as page at the capitol at Washington. Young Blanks left on an early train for the capitol city to take up his duties at that place. The appointment carries with it a good salary.

The boy is only a little over 11 years old. His appointment came as a great surprise to his many friends here, who did not know that the place was being sought for him. The appointment was influenced, it is said, by Congressman Lon Scott of this district, who recommended young Blanks. The requirements as to age, height and weight were all perfectly met by the boy.

Mr. Blanks, the father of the boy, has been working in Washington for some time, and it is said that his family will remove to that city, where they will make their home, soon.

A number of real estate transfers have been made in the Trezevant section during the last several days. John Tate, who sold his farm in the eastern part of the county, has bought the Willie Walker farm near town, the consideration being \$3,000. Price Smith has sold his farm three miles north, to Elish Tate, of Clarksburg, for \$4,700. Mrs. Emma McDade has bought the W. A. Younger farm on route No. 3, the consideration being \$5,500, and Mr. Younger has bought the old Baxter farm in the same community, owned by W. W. Bost, paying \$5,000. Mr. Bost bought a farm near Atwood. It is thought the good price of cotton has stimulated a renewed interest in real estate.

R. Y. Danton & son have purchased the temporary building

now occupied by B. H. Hillsman, druggist, on Main street, and will install a line of dry goods and shoes as soon Mr. Hillsman removes his stock into the new brick building, which is about completed. Danton & son will occupy the new building in the Jeff J. Blanks block as soon as that block is completed.

Read County Papers

"We have a bureau whose duty it is to read each week the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers and when we find a town where the merchants are not advertising in the local papers we

immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants use their local papers," said Herman Rosenfield, advertising manager for Sears, Roebuck & Co.
